Report on Technozoom 2.0 – A Three-Day Technical Fest

Date: April 5, 2025

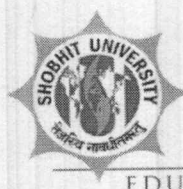

The School of Engineering & Technology under the aegis of University Training & Development Centre, Shobhit University, Gangoh, proudly organized **Techno zoom 2.0**, an ambitious and engaging three-day technical fest from **April 3 to April 5, 2025**. The event aimed at inspiring innovation, celebrating technical excellence, and encouraging collaborative learning among students, faculty members, and tech enthusiasts from diverse backgrounds.

The fest was hosted at the **Seminar Hall and Campus Grounds** of the university and ran daily from **10:00 AM to 5:00 PM**. It was an electrifying convergence of ideas, skills, and passion, and turned out to be one of the most successful and well-attended events of the academic year.

Overview and Objectives

Techno Zoom 2.0 was conceptualized as an upgrade from its predecessor, Techno zoom 1.0, with a broader scope, larger outreach, and more diversified participation. The objectives were clear:

- To create a platform for students to showcase their technical skills
- To provide an opportunity for industry-academia interaction
- To expose students to real-world problems and innovative solutions
- To encourage peer-to-peer learning and teamwork
- To foster a sense of competition and achievement in the field of technology

Events and Competitions

Technozoom 2.0 featured a variety of competitive, educational, and fun events tailored to different technical domains. Each event was designed to challenge the participants' creativity, knowledge, and problem-solving skills. Winners in all events were awarded exciting **prizes, trophies, and certificates of excellence**, recognizing their talent and hard work. Some of the most prominent events included:

1. Online Gaming

A dedicated section for online competitive gaming attracted a large number of participants. Games that required logical thinking, strategy, and team collaboration were chosen. The event offered a mix of fun and tech.

2. Techno Innovation Challenges

These challenges focused on presenting novel ideas to solve real-world issues using science and technology. Participants proposed and demonstrated innovative solutions, ranging from environmental monitoring devices to smart healthcare applications.

3. Hackathon

The Hackathon was one of the central attractions, where students worked in teams to develop software or hardware prototypes within a limited time frame. This event encouraged critical thinking, teamwork, and rapid problem-solving.

4. Technical Movie Making

Students participated in creating short technical films and documentaries highlighting recent trends in technology, scientific discoveries, and social impact of tech solutions. The screening drew widespread appreciation.

5. Techno Antakshari Mashup

A creative blend of traditional Antakshari with technical elements. Teams had to sing songs or answer music-based questions, interlaced with tech trivia. This fun event received huge applause for its unique twist.

Student and Faculty Contributions

Techno Zoom 2.0 was a testament to what effective student-faculty collaboration can achieve. Students handled:

- Event coordination
- Publicity and promotions
- Social media coverage
- Registration management

Faculty members provided constant guidance, mentoring students, and ensuring smooth operations throughout the event.

Conclusion

Techno Zoom 2.0 was not just a technical fest; it was a celebration of talent, ideas, and ambition. The event successfully fulfilled its goals of fostering innovation and technical excellence. The large participation, the quality of projects, and the enthusiasm of the attendees are indicators of its grand success.

The School of Engineering & Technology thanks all the students, faculty members, guests, and participants who contributed to the event's success. Special appreciation goes to **Prof. (Dr.) Tarun Kumar Sharma**, whose vision and leadership were instrumental in organizing Techno zoom 2.0.

We look forward to scaling even greater heights with **Techno Zoom 3.0** in the coming year!

University Training & Development Center

At Shobhit University, we understand that education is just the first step towards a successful career. That's why we've established a robust University Training & Development Center (UTDC) dedicated to helping our students bridge the gap between academics and their dream careers. Our UTDC is committed to ensuring that every student is well-prepared, confident, and ready to excel in their professional journey. Shobhit University, because of its industry-aligned courses, has always been a preferred choice for the recruiters. Our students are well accepted by the industries. The collaborative efforts of students, UTDC and the faculty have consistently given excellent placement records. The UTDC works closely with industry to develop and support a collaborative industry-academia interface and facilitate internships and placements of students.

Objective of UTDC

- **Creating awareness amongst the students regarding various career options.**
- **To enhance students employability by providing training in Aptitude & soft skills.**
- **To organize campus recruitment for final year students in reputed companies.**
- **To facilitate companies for recruiting candidates as per their requirements.**
- **Helping students for summer training/internship programme.**
- **Bridging gap between Industry and Academia through: Seminars, Guest Lectures, and Conferences etc.**

Vision & Mission

Vision

The UTDC endeavors to substantiate the career dreams of students by equating them to industrial parameters and in the process provide holistic individuals to the corporate sector and the society.

Mission

- To motivate and guide students into making smart career choices
- To train them to be industry ready
- To enable them to become ethical professionals with diverse skill-sets

Comprehensive Report on Technozoom – A Three-Day Technical Fest

Date: April 24, 2024

The School of Engineering & Technology under the aegis of UTDC, Shobhit University, Gangoh, organized **Technozoom**, an ambitious and engaging three-day technical fest from **April 22 to April 24, 2024**. The event aimed at inspiring innovation, celebrating technical excellence, and encouraging collaborative learning among students and tech enthusiasts.

The fest was hosted at the **Seminar Hall and Campus Grounds** of the university and ran daily from **10:00 AM to 5:00 PM**. It was an electrifying convergence of ideas, skills, and passion, and turned out to be one of the most successful and well-attended events of the academic year.

Objectives

- To create a platform for students to showcase their technical skills
- To provide an opportunity for industry-academia interaction
- To expose students to real-world problems and innovative solutions
- To encourage peer-to-peer learning and teamwork
- To foster a sense of competition and achievement in the field of technology

Participation and Engagement

The fest saw an **overwhelming response** with participation crossing the **1,200-student mark**, out of which:

- **800 students** were from Shobhit University, Gangoh
- **300 students** represented various schools and colleges from outside the university
- **100 additional tech enthusiasts** including alumni and local innovators also took part in workshops, exhibitions, and panel discussions

2. Robotics and IoT Exhibitions

Engineering students presented their robotic models and IoT-based innovations. Drones, automated home systems, surveillance bots, and smart agriculture tools were showcased. Visitors were impressed by the level of creativity and practical application.

3. Paper Presentations and Poster Competitions

Participants presented their technical papers and research work in various streams like AI, Cybersecurity, Renewable Energy, and Smart Cities. The poster competition allowed students to graphically present complex ideas in simplified and artistic forms.

4. Technical Quizzes and Model Displays

Technical quizzes were conducted department-wise, covering domain-specific questions. Noteworthy displays included a mini-hydraulic bridge and a solar-powered water purifier.

5. Guest Lectures and Expert Panels

Renowned speakers from top companies and universities were invited to share their experiences and knowledge. Keynote speakers included:

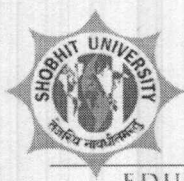

- Mr. Arvind Rajan, Senior Software Engineer at Infosys
- Dr. Kavita Mehta, Professor at IIT Delhi
- Mr. Anuj Bansal, Entrepreneur and AI Specialist

These lectures inspired students and gave them a glimpse into industry trends, research opportunities, and career paths.

6. Fun Tech Games and Hands-on Workshops

To maintain a balance of learning and recreation, the fest also included:

- Circuit designing games
- Debugging contests

University Training & Development Center

At Shobhit University, we understand that education is just the first step towards a successful career. That's why we've established a robust University Training & Development Center dedicated to helping our students bridge the gap between academics and their dream careers. Our UTDC is committed to ensuring that every student is well-prepared, confident, and ready to excel in their professional journey. Shobhit University, because of its industry-aligned courses, has always been a preferred choice for the recruiters. Our students are well accepted by the industries. The collaborative efforts of students, UTDC and the faculty have consistently given excellent placement records. The UTDC works closely with industry to develop and support a collaborative industry-academia interface and facilitate internships and placements of students.

Vision & Mission

Vision

The UTDC endeavors to substantiate the career dreams of students by equating them to industrial parameters and in the process provide holistic individuals to the corporate sector and the society.

Mission

- To motivate and guide students into making smart career choices
- To train them to be industry ready
- To enable them to become ethical professionals with diverse skill-sets
