- ☐ Neutral
- ☒ Agree
- ☐ Strongly agree

**Open-Ended Questions**

**What did you find most impactful in this year's gender sensitisation efforts?**

The most impactful aspect was the open discussions and awareness sessions that encouraged respect, empathy, and understanding among all genders. It created a more inclusive and supportive environment for everyone.

**2. Any suggestions for improvement or additional topics for future sessions?**

Future sessions could include real-life case studies, interactive activities, and discussions on topics like gender roles in media, workplace equality, and mental health. More student involvement would also make the sessions more engaging.

---

**Open-Ended Questions**

**What did you find most impactful in this year's gender sensitisation efforts?**

This year, many initiatives moved beyond binary gender concepts and started integrating awareness of how race, class, disability, and sexuality intersect with gender-based experiences. This broader, more inclusive approach has helped foster deeper empathy and understanding, especially among younger audiences and in professional settings.

**2. Any suggestions for improvement or additional topics for future sessions?**

1. Gender and mental health: Explore how gender norms and identities affect mental health and access to care.
2. Unconscious bias and microaggressions: Help participants identify and address subtle, everyday forms of gender bias.
3. Men and boys in gender equity: Engage them not as bystanders but as active participants in changing norms.
4. Digital safety and gender: Discuss online harassment, digital consent, and the gendered nature of cyber abuse.
