Safety and Security Measures

Shobhit University, Gangoh, places utmost importance on ensuring the safety and security of its students, faculty, and staff, with a strong emphasis on gender equity and inclusive practices. The institution adopts a comprehensive and gender-sensitive approach to campus safety through infrastructural provisions, surveillance, policy implementation, and awareness programs.

The campus is secured with 24/7 professional security personnel, including female guards stationed in sensitive areas such as girls' hostels and academic blocks. CCTV surveillance systems are strategically installed in public areas including entrances, corridors, and common zones while ensuring privacy is maintained in sensitive spaces. Access to hostels and academic buildings is regulated through ID card systems and monitored visitor protocols.

In addition to physical safety, the institution emphasizes on digital security. A dedicated helpline, periodic self-defense workshops, and gender sensitization training for security staff are part of the University's annual safety initiatives. A functional Internal Complaints Committee (ICC) and Grievance Redressal Mechanism are in place for addressing complaints related to harassment or discrimination, with complete confidentiality and swift resolution procedures. The Women Empowerment Cell and Gender Sensitization Committee are in place and organize programs including workshops and awareness for the staff & students.

Efforts have been made to enhance infrastructure with gender inclusivity—such as gender-neutral restrooms, well-lit campus pathways, and panic alarm systems in hostels. Safety audits are conducted timely through the Gender Sensitization Committee, and feedback mechanisms are employed to continuously improve campus safety measures.

Furthermore, safety and security awareness is integrated into the orientation program for all new students, and educational modules on cyber safety, consent, and respectful behavior are regularly delivered through workshops and interactive sessions.
