About Us

Shobhit University, Gangoh has been notified by the Govt. of Uttar Pradesh vide Shobhit Vishwavidyalaya, Uttar Pradesh Adhiniyam, 2011 (U.P. Act No.3 of 2012) passed by Uttar Pradesh Legislature and assented by the H.E. Governor of Uttar Pradesh. Shobhit University, Gangoh is recognised by University Grants Commission under section 2(f) of the UGC Act, 1956.

Shobhit University aims to create a conducive, enabling academic climate to facilitate integration of the younger generation into the logic of the present system and to develop educational means by which men and women deal critically and creatively with reality and discover how to participate in the transformation of their world.

Kunwar Shekhar Vijendra Ayurved Medical College and Research Centre (KSVAMC&RC) established in the year 2014 is a constituent College of Shobhit University, Gangoh. KSVAMC&RC is approved by the National Commission for Indian System of Medicine, Ministry of AYUSH, Government of India. The college is recognized as a prestigious centre for education in Ayurveda, nationally as well as internationally.

Location: Gangoh is a historical town at the banks of river Yamuna in District Saharanpur, which is approximately 150 km North of New Delhi. It is about 40 kms. from three prominent industrial towns, i.e. Saharanpur, Karnal & Yamuna Nagar. The Campus is contemporary, light and artistically designed and surrounded by natural scenic landscape.

Our Mission

Kunwar Shekhar Vijendra Ayurved Medical College and Research Centre, Shobhit University will become a pivot for development of this Godly science globally. Our mission is:

- To facilitate the growth and development of Ayurvedic education
- To impart high quality graduate and postgraduate training in all branches of Ayurveda
- To envision, organize and conduct research on various aspects of Ayurveda
- To establish a Centre of Excellence that provides Ayurvedic medical care to suffering humanity

Ayurveda

Ayurveda is one of the most ancient systems of medicine serving the mankind as the parent of all other systems of medicine. The river called Ayurveda has its origin from the Vedas and flows through the great classics called samhithas of great Acharyas namely Charaka, Susruta and Vaghbatta.

Ayurvedic medicine is a system of traditional medicine native to the Indian subcontinent and practiced in other parts of the world as a form of alternative medicine. In Sanskrit, the word Ayurveda consists of the words āyus, meaning "longevity", and Veda, meaning "related to knowledge" or "science". Evolving throughout its history, Ayurveda remains an influential system of medicine in South Asia. The earliest literature on Indian medical practice appeared during the Vedic period in India. The Sushruta Samhita and the Charaka Samhita were influential works on traditional medicine during this era. Over the following centuries, Ayurvedic practitioners have also identified a number of medicinal preparations and surgical procedures for curing various ailments and diseases.

Program Structure

Bachelor of Ayurvedic Medicine and Surgery (B.A.M.S.) provides basic education in the integrated system of modern medicine and traditional ayurveda. It prepares students of profound scholarship in the science of Ayurveda having basic and fundamental knowledge in different subjects of Ayurveda backed up by extensive practical training.

The program enables the students to become an efficient teacher, a research scholar and a competent Ayurvedic physician and surgeon to be able to contribute their might in the medical and health services.
